WHO WE ARE

Easylink is a not-for-profit organisation providing transport for those who do not have access to public or private options, mainly frail aged and people with disability. A door to door service is provided by staff and volunteers for medical appointments, shopping and social activities in accessible vehicles.

Formerly known as Manly Warringah Pittwater Community Transport, we have operated since 1982. We have grown to a service that has over 100 committed volunteers and staff with more than 2,000 customers undertaking over 50,000 passenger trips last year.

Care is the core of what we do. We understand the importance of getting out and about for independence and wellbeing.

OUR SERVICES

Door-to-door community transport services take northern beaches customers to individual appointments, for group shopping, social outings and mystery tours, bringing new friends and experiences.

The Travel Training project, covering Northern Sydney region, assists people to use public transport to and from places they'd like to visit or need to go for work or study.

WHO WE SERVE

Our services are for people who are:

- Older, frail, or have an illness or disability that makes ordinary transport difficult
- Unable to drive or arrange transport through a friend or relative

GENERAL MANAGERS REPORT

2016-2017 was a huge year for Easylink. In July 2016, the organisation changed name and structure, transitioning from Manly Warringah Pittwater Community Transport Incorporated (trading as Easy Transport) to Easylink Community Services Limited

(trading as Easylink) -a company limited by guarantee. A very busy year followed culminating in a special event attended by His Excellency General The Honourable David Hurley Governor of NSW and Mrs Hurley to officially launch the new name and branding. Easylink has a fresh new look on our vehicles and fliers, a new website incorporating information and bookings, an increased social media presence.

The Strategic Planning process for 2016-2019 was undertaken with focus groups of customers, volunteers, drivers and staff leading to workshops with the management team and Board. The resulting plan is driving the development and future direction of the organisation. Achievements so far are the successful rebrand to Easylink, engagement of Marketing/PR consultant Belinda Kerslake, development of a partnership and marketing plan, review of HR structure and position descriptions, recruitment of a skills based Board. It has been a pleasure to welcome and work with new Directors Jay Zmijewski, Jane Mulroney, Kylie Ferguson, Margaret Hardy, Debbie Organ alongside long serving Directors John Wilson, Lawrie Croft and Tony Gosling.

Our customers were also busy helping through focus groups to feed into a joint research project with Sydney University, Mobility-as-Service (MaaS). In the context of community transport as a mobility provider. They were engaged in research to explore options for a range of service packages that could be available to customers. The final report is yet to be released.

A new contract was entered into with Transport for NSW (TfNSW) until 30 June 2018. With the extension of CHSP (Commonwealth Home Support Program) until 2020 we are hopeful that Easylink will also receive this extension. With the contract came new terms including KPIs, which the organisation has fully reported on to date, including a comprehensive aboriginal engagement plan.

Growth occurred with the successful tender for the provision of regional Travel Training. Easylink employed a coordinator, Kristine Pedler, and rolled out the project across the Northern Sydney region in collaboration with other community transport providers.

Northern Sydney transitioned to the NDIS (National Disability Insurance Scheme) in the first phase during 2016-2017. Despite the resulting loss of State funding through CCSP, Easylink increased the provision of services to people with a disability as an approved provider under NDIS for transport, community access and travel training. There are plans to grow and diversify services further. Easylink was successful in receiving funding under the Transition Assistance Program (TAP2) and applied for Stronger Together 3 funds to support the organisation to develop new models of service delivery.

2017 saw a major change to our scheduling and customer data base systems. After 5 years using HMS (Health Management Systems), as the result of a TfNSW project CTABS (Centralised Trip Allocation and Booking System), Easylink transitioned to RouteMatch from February. This involved continuous communication, training and support for all involved and the organisation is very proud of how all team members participated to make it a success. It's great to report that, although there are ongoing challenges, no staff have left as a result.

Easylink was fortunate to have two students for placement work experience. Sydney University Social Work Student, Sara Connell, undertook volunteer and customer surveys and produced a comprehensive report with findings and recommendations. Key findings show that 63% of respondents reported feeling their emotional wellbeing had improved as a result of using Easylink Services. 6% of customers reported that Easylink was their main mode of transport 'every time' they left home and 65% that Easylink was their main mode of transport 'sometimes' or 'most of the time'. Here is evidence that community transport plays a vital role in preventing isolation. A report summary is available on the website. More needs to be done to prove the social impact of our service model.

Work on the PR strategy from UTS Communications intern, Tina Provis, included the nomination of Easylink for the Northern Beaches Local Business Awards. Thanks to the support from customers and friends of the organisation, Easylink was a finalist.

Long standing Board member and mystery tour bus driver, John Wilson became the recipient of the inaugural Champion of Mackellar Award from Federal MP Jason Falinski. It is a credit to John that he won amid a field of over 100 strong contenders and a recognition of the high regard Easylink is held in the community.

Renewal of the vehicle fleet was completed with the replacement of two Toyota Coasters and a Commuter van. Fleet Support Officer, Anthony Wilson, and Administration and Fleet Manager Pat Lang have improved processes for maintenance and cleaning plus undertaken a thorough review of the on-board driver manual so that Easylink can be proud of fleet presentation and suitability for our customers, as well as knowledge and training for the team members.

Following a request from TfNSW, Easylink took the lead role on behalf of four community transport organisations in the trial of a prototype bus – the Bonito Optare. The vehicle was trialled at each location for three months and feedback given by customers and staff. Although the bus had a great feature of lowered access to curb, overall Easylink found it to be unsuitable for our services and local terrain.

In preparation for compliance under legislative changes of the Point to Point and Passenger Transport Acts, and related regulations, Easylink became an accredited hire car operator and is preparing for bus operator accreditation.

Volunteers continue to be the backbone of the organisation and make such a valuable contribution to the services provided. All team members are supported so professionally through the great skill of Services Manager Hilary Elgar. Improvements continued with the learning and development program incorporating driver training, CPR, working with people with disability, elder abuse and aboriginal cultural awareness.

Thanks to all the Board, volunteers and staff that contribute to make Easylink a leader in the field. The office staff are key to holding it altogether. Thanks to Managers Hilary Elgar, Pat Lang, Rebecca Keeling; coordinators Kristine Pedler, Vivienne Garden, Janet Parker, Beverley McNally, Kana Nobuhara, Graeme Gilmer, Dragan Miletic, Rose Renwick and Heather Bone; fleet support Anthony Wilson and Scotland Island coordinator Graeme Crayford. The future is bright, supported by a positive team culture to provide *transport with care*.

EASYLINK COMMUNITY SERVICES LIMITED ACN 612 653 353 AUDIT REPORT TO THE MEMBERS OF YEAR ENDED 30 JUNE 2017

Report on the Financial Report

I have audited the accompanying financial report of Easylink Community Services Limited, which comprises the statement of financial position as at 30 June 2017 and the statement of profit or loss and other comprehensive income and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

The Responsibility of the Directors for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with the Australian Accounting Standards – Reduced Disclosure Requirements (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and the *Australian Charities and Not-for-profits Commissions Act 2012*, for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on the financial report based on my audit. I conducted my audit in accordance with Australian Auditing Standards and the *Australian Charities and Not-for-profits Commissions Act 2012*. Those Standards require that I comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

I believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Funds provided by Transport for NSW have been expended in accordance with the conditions of the Funding Agreement.

Basis of opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. I have complied with the independence requirements of the *Australian Charities and Not-for-profits Commissions Act 2012*, the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. I have also fulfilled our other ethical responsibilities in accordance with the Code.

I confirm that the independence declaration required by the *Australian Charities and Not-for-profits Commissions Act 2012* and the *Corporations Act 2001*, which has been given to the directors of Easylink Community Services Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Audit Opinion

In my opinion, the financial report of Easylink Community Services Limited is in accordance with the *Corporations Act 2001* and Div 60 of the *Australian Charities and Not-for-profits Commissions Act 2012*, including:

- (i) giving a true and fair view of the company's financial position as at 30 June 2017 and of its performance for the year ended on that date;
- (ii) complying with Australian Accounting Standards Reduced Disclosure Requirements and the *Corporations Regulation 2001*.
- (iii) complying with Div 60 of the Australian Charities and Not-for-profits Commission Regulation 2013
