

From the General Manager

Easylink has been providing community transport for 43 years now. Over the past four decades, the service has grown and evolved to align with the needs of Northern Beaches residents. There are now 9,000 people registered for Easylink services, and in the past 12 months, we completed 74,000 passenger trips.

As demand for community transport continues to grow, we want to ensure the community spirit that Easylink was founded on remains strong, and the service continues to align with your needs and expectations. This month, we have included a short survey with this newsletter and we would really appreciate your thoughts on how we are doing, where we need to improve, and any suggestions that can help make Easylink even better. If you could take a few minutes to complete this survey and post or email it back to us, or hand it to the driver on your next outing, this would be very much appreciated.

For the next couple of months, we have lined up another bunch of fantastic outings to explore this amazing city we live in, and did you know, in addition to our social outings program, we also have a fleet of cars and vans that travel up and down the beaches and can help you get to appointments, to the shops or just catch-up with friends and family. If you would like help getting out and about, we are more than happy to help and can provide transport anywhere on the Northern Beaches between 7am and 7pm, 7 days a week.

Stay well and keep warm everyone.

Dan
