

From the General Manager

Many thanks to those of you who sent through your responses to our customer survey over the past couple of months. We were truly humbled by all of your kind comments and really appreciated the suggestions you have put forward to help us make Easylink even better.

Looking to the months ahead, one major change that we do have on the horizon is the introduction of the Aged Care Act 2024 which will come into effect from the 1st of November 2025. This Act has been developed in response to the Royal Commission into Aged Care Quality and Safety and introduces a modern framework focused on the rights of individuals, improved care standards, and greater accountability for aged care providers. A cornerstone of the Act is a new Statement of Rights outlining the rights that people will have when accessing aged care services. For those of you who are accessing aged care services, I encourage you to have a read through the Statement of Rights on the Australian Governments Aged Care Quality and Safety Commission website at www.agedcarequality.gov.au/older-australians/reform-changes-older-people/statement-rights.

Back to the social agenda, thanks to all those who joined us on our outings over the past couple of months. We had some extremely popular outings in August and September including the Gosford Sailing Club, the Western Sydney Airport, and the ever-popular Darrell Lea Factory Outlet. It was great to see so many of you out exploring with us. Don't forget, if an outing is full, it is always a good idea to add yourself to the waitlist. Even if a spot does not open up on the day the event is scheduled, if there is enough people on the waitlist we may re-run the outing on another day for those that missed out.

For October and November, it is going to be another busy couple of months, with seasonal tours, a ferry cruise over to the Central Coast and many other amazing lunches and social outings. For those looking to make sure they are staying safe online, we are also continuing our Cyber sessions with Manly Computer Pals. Only \$10 for subsidised customers, including return transport and a cyber security training session.

Regards

Dan
